

Website Lead

Green Lane Masjid & Community Centre

CONTRACT TYPE: Fixed (22.5 hours per week)

REPORTS TO: Head of Marketing & PR

DIRECT REPORTS: 1

SALARY: £25,000.00 - £30,000.00 pro rata

LOCATION: Green Lane Masjid and Community Centre

BACKGROUND TO GLMCC:

Green Lane Masjid and Community Centre is a leading UK mosque situated in the heart of Birmingham serving the community since 1979. Operating from its award-winning grade II listed Victorian building, GLMCC fulfils its mission of inspiring, educating and serving through its educational college, outreach work, welfare services, youth work, international humanitarian wing, as well as its fully functional mosque which is attended by thousands every week.

1. PURPOSE OF THE ROLE:

The Website Manager will be responsible for maintaining, developing, and managing our suite of websites, with a primary focus on leading the development of our main website and CRM system. This role requires a candidate with essential project management experience, proficiency in WordPress development, and PHP coding skills. The Website Manager will be responsible for overseeing the health of our servers to ensure optimal website performance and security.

2. MAIN RESPONSIBILITIES FOR THE ROLE

People & Culture Leadership

- **Project management:** Manage website development projects from initiation through to completion, including defining project scope, timelines, and budgets. Coordinate with internal teams and external vendors to execute projects on time and within budget.
- **Website maintenance:** Regularly update and maintain all company websites to ensure content accuracy, functionality, and optimal user experience. Monitor website performance, uptime, and security, promptly addressing any issues or vulnerabilities.
- **Website development:** Lead the development of our main website, including planning, designing, and implementing new features and enhancements. Collaborate with internal stakeholders to gather requirements and ensure alignment with business objectives.
- **WordPress development:** Customise and extend WordPress functionality to meet business requirements, leveraging PHP coding skills and WordPress plugins. Troubleshoot and resolve technical issues related to WordPress sites and plugins.
- **Server management:** Monitor our dedicated servers health and performance, implementing necessary updates and optimisations to ensure reliable website hosting. Implement security measures to protect against potential threats and ensure data integrity.
